

# Cooking Light

**Answer: DOUGH**

- Step 1: For each group of four words, find a fifth word that can go in the middle to make four phrases or compound words. The new phrases and words will all read left-to-right. The following page shows these words on a yellow background.
- Step 2: The sixteen words you generated in step 1 are in four groups, so repeat the process. For each group of four words, find a word that can go in the middle to make four phrases or compound words. The following page shows these words on a green background.
- Step 3: Using the four words you generated in step 2, repeat the process one more time. One word can go in the middle to make four phrases or compound words, and that word is the answer: **DOUGH**.
