

# SEQUELS: THE MATRIX RELOADED SOLUTION: INSURRECTION

- Step 1: For each row, do this twice: Choose a letter that can go in the gray blank to make it part a contiguous word, reading left to right, of at least six letters. The following page shows two copies of the matrix, with the words that can be formed highlighted in green and red, respectively.
- Step 2: You now have one letter pair for each row; for instance, the top row provides the letter pair <S, T>. Reorder these pairs so that the first pair contains an A, the second pair contains a B, the third pair contains a C, and so on through the alphabet. Put the pairs in the boxes above the matrix; the letters A-Z are already filled in.
- Step 3: Read the other letters in those pairs. They spell **REBELLION TWELVE LETTERS LONG**.
- Step 4: Determine that the answer to this clue is **INSURRECTION**, the final answer.
